

Course name: 403 “Student Commitment” [2 ECTS]

Manager: Axel BUENDIA

Description: The aim of this unit is to encourage and reward students who devote time to others and to school life.

The following list shows the activities for which points are awarded:

- Representing the school at trade fairs, forums, high schools, etc.
- Participation in Open Days
- Representing class delegates and elected representatives on school councils
- Participation in school competitions
- Participation in school associations
- Tutoring (scientific between students or hosting foreign students)

This list is non-exhaustive and may change according to school activities and events, or upon students' suggestions.

Prerequisites: none

Assessment methods:

A points system has been set up and will be revised each year according to the activities of the school and its students. This unit can also be validated if students carry out certain activities or have certain commitments, as listed below: volunteer work, elected office, professional activity, high-level sportsman or artist, military activity, volunteer fireman, civic service....

The aim is for students to obtain 10 points during their 2 years of master's studies.
