- International speakers and internships abroad

To join us

You have a post secondary school training of **+3 years in higher education** ?

International recruitment takes place from February to June. Applicants must send a project on a given theme (posted on cnam-enjmin.fr). If you are selected you will have to go through a written examination (general culture, movie and game analysis) and an evaluation of your level in French language (mid June) in a French Consulate. Then we will contact you for a Skype meeting. For foreign applicants, the Campus France procedure is mandatory.
